

# PTS Traveler Learning Journeys

PTS Traveler uses a fun, entertaining quiz to pair personality traits and work preferences to the learner’s “Traveler Style.” It combines this with their career needs and interests to offer them one of 3 journeys tailored to their goals.

**Eager to Explore** For youth just beginning to consider their employment goals.

**Workforce Ready** For youth actively looking for an entry level position or preparing to begin the job search

**Level Up & Lead** For youth with a few years of experience who are looking for growth opportunities or leadership roles.
